The Pharisees came up and started a discussion with him; they demanded of him a sign from heaven, to put him to the test. And with a profound sigh he said, ‘Why does this generation demand a sign? In truth I tell you, no sign shall be given to this generation.’ And, leaving them again, he re-embarked and went away to the other side.

Mark 8:11-13

God, grant me the faith to believe in myself, believe in others and believe in you. Let me find the truth in action and everyday encounters rather than in seeking signs of proof and tangibility. Help me to discover that the grace of God is in the ordinary, in the face of my neighbour and in the loving generosity of goodwill shared between all people.

Dear parents and caregivers,

This week we have gathered together as a community to celebrate Father Jim’s most inspiring milestone of his Silver Jubilee with 25 years of vocation as a priest. The Whyalla community are very grateful to Father Jim for being a compassionate, humble man who can be counted on for his wisdom, discernment and dedication to all.

Tomorrow we gather again as one, to celebrate our College Opening Mass, to be held on the Saint John’s Campus oval, beginning at 9:30am. All children are to arrive at this campus in the morning (usual time) where you will be met by your teachers and buddy classes. A normal school day follows after recess time and all students are expected to be in attendance. We would also love to have family members share in this celebratory Mass; there will be chairs and shade set up to accommodate you, so please feel free to join us.

Last week excitement and curiosity grew as people witnessed the concrete walls of the gymnasium being placed. For once in a lifetime we regretted rain as work came to a halt with lost days due to weather. We will continue to see actual development during the coming weeks, hoping that it only rains on the weekends! Science is so close with inspection this week and a partial move next week. We anticipate fully moving into Science after another fortnight. Samaritan College has benefited very well from the Australian Government Building Education Revolution (BER) and all children will be able to make use of the facilities. We plan to create opportunities for primary classes to utilise both science and the gym, once complete the whole community will be able to utilise the gym space for our large Masses, parent information nights and the like.

Facilities support quality teaching and learning but they do not ensure it. Relationship, teacher methodology, creativity and knowledge form the backbone of excellence in education. Keeping up to date, utilising and integrating information communication technologies and keeping things interesting for generation Y and Z are now very much on a teacher’s agenda. To this end we have been working with staff to encourage variety in experiences and to develop an evolving tool bag of learning opportunities for our students. As the Australian Curriculum horizon moves closer to all schools, are staff will be involved this year in further professional development to value add to their current practices.

The Pharisees came up and started a discussion with him; they demanded of him a sign from heaven, to put him to the test. And with a profound sigh he said, ‘Why does this generation demand a sign? In truth I tell you, no sign shall be given to this generation.’ And, leaving them again, he re-embarked and went away to the other side.

Mark 8:11-13
Everything about the celebrations held at St Teresa’s last Sunday, February 13 spoke eloquently of the high esteem with which Fr Jim is held in the community and the strength and hospitality of the Whyalla Catholic Parish. How good it was to be part of such a significant and joyful event. To honour Fr Jim’s silver jubilee of ordination as a priest a capacity congregation of people from near and far, young and old, long time friends and newcomers to the parish gathered to give thanks for the gifts the years have given – to Fr Jim and to all of us.

The Samaritan College community, teachers, students and families are very important to Fr Jim. He was especially keen that young people be involved and feel welcomed at the events in his honour. To his delight many students played a prominent role, participated in the celebration of Mass at St Teresas, shared in the delicious luncheon that followed and participated in the fun activities – the jumping castle, the treasure hunt and the fishing competition.

On Wednesday evening Fr Jim’s celebrations continue when he will be joined by our Bishop Greg O’Kelly and the priests of the diocese for a Mass and dinner. On Thursday Bishop O’Kelly and the priests will assemble for special meetings where they will address issues relating to the life and mission of the diocese of Port Pirie.

Sr Helen Mills and I, both Good Samaritan Sisters, arrived here in Whyalla just two weeks ago. We follow in a long line of Good Samaritan sisters who, since 1942, have considered living in Whyalla, teaching in the schools and ministering in the parish to be a blessing and privilege.

I look forward to joining the school community on Friday as you celebrate the opening of the school year Mass at St John’s campus. I pray that 2011 will be a year of grace and favour for all.

Sr Sonia Wagner

Last Sunday saw the Parish celebrate the 25th Anniversary of Fr Jim’s Ordination as a priest. The packed church was a testament to the respect and admiration Fr Jim enjoys from his parishioners.

Teresa Lynch spoke wonderfully of Father Jim’s faith, devotion and determination to answer his call to the vocation of the priesthood. His challenge of himself and us to live socially just lives, to honour the call to See, Judge, Act on social justice issues in our world.

The presence of so many Samaritan College families at the Mass was a wonderful illustration of the important link between school and parish that Fr Jim has helped to forge. The Samaritan students sang the closing hymn complete with actions and then sold commemorative bookmarks they had prepared to raise money for the Queensland flood appeal.

The family centred celebration following the Mass spoke highly of Father Jim’s connectedness to the community of Whyalla and his place in the hearts of so many parishioners in Whyalla and his former parishes.

As a Catholic community, we congratulate Fr Jim and ask for God’s blessings on Fr Jim and his brother priests to continue their work in parishes around Australia. We ask that through Father Jim we can be empowered by the Holy Spirit to carry out the mission of Christ to bring about the Kingdom of Heaven on earth.

Jim Monaghan
Ordained Priest
St Joseph’s Church,
O’Connor A.C.T. 13.2.1986

What we do is very little. But it is like the boy with a few loaves and fishes. Christ took that little and increased it. He will do the rest. What we do is so little we may seem to be constantly failing. But so did He fail. He met with apparent failure on the Cross. But unless the seed falls into the earth and die, there is no harvest. Why must we see results? Our work is to sow. Another generation will be reaping the harvest.

Dorothy Day 1940

St Joseph, pray for my family, my friends and my brothers and sisters in priesthood and religious life.

**HEALTH CARE PLANS**

Over the last few weeks a number of Medical Information Forms have been sent home in order for the school to have the most up to date information regarding students. If you have identified a specific medical condition that requires intervention or medication a current Health Care Plan needs to be lodged with the school. Generally these plans require updating every 2 years or when new treatments are prescribed. This information can be provided by your GP and details the name, amount and times that medication is to be administered and specific actions to be taken. Doctors have this information on file and should be able to provide it for you on request without a consultation. This information is crucial prior to students attending camps and excursions. Conditions such as asthma, allergies (mild or extreme) long term health issues effecting your child and medications to be provided to students while at school form the bulk of the Health Care Plans currently on file. Please forward all such documentation to the administration offices in a sealed envelope clearly labelled with your child’s name and class.
Our Campuses have begun the year with great enthusiasm! We trust that you and your child/ren have settled into the school routines and are looking forward to engaging in all the activities that will be taking place throughout the year. The positive spirit of faith, wisdom and compassion at our College is a true indication of the success we experience at our Campuses.

**CAMPUS ASSEMBLIES**

Last week we started the year off with our first whole campus assemblies across the primary campuses. This is was an opportunity for classes to come together and celebrate the learning that has occurred so far this term.

Thank you to the Year 6/7 Fahey and Gogoll who presented the Assemblies. It was great to see everyone get involved and showcase all the wonderful learning that is happening across the Campuses. Families are most welcome to attend these Assemblies and share in the Campus spirit.

The Week 4 Assemblies will be lead by the following classes on Friday, February 25:

- **STC - Year 4/5 Baverstock** at 9:30am under the Shelter Shed
- **OLhCC - Rec/Year 1 Hancock** at 12:30pm in the Vessey Unit

**CAMPS**

In Week 5, students from the OLHC Campus will be attending the Year 5 and Year 7 Camps. This year both Camps will be held over the week to alleviate disruptions in student learning.

The Year 7 students will be attending the Aquatic Camp at Port Vincent from Wednesday to Friday, March 2-4. And the Year 5 students will also be attending the Errappa Camp at Iron Knob from Wednesday to Friday, March 2-4.

Information regarding these camps has been distributed this week. Attending Camps helps the students to become more independent and to build relationships with each other, their teachers, the instructors and other adults.

**LITURGY OF THE WORD**

For 2011 Liturgies of the Word will commence in Week 4 across the Primary Campuses.

**STC - Year 2/3 Brown/Perry** has the pleasure of presenting the first Liturgy of the Word for 2011. You are most welcome to attend on **Thursday, February 24 at 9:30am** in the library.

**OLHCC - Year 1/2 Rothe and Hearn**e will be leading the first Liturgy of the Word for 2011. You are most welcome to attend on **Thursday, February 24 at 12:30pm** in the Church.

**FOYER DISPLAY**

This week marks the beginning of our fortnightly Foyer Displays in the front office for 2011 in the front offices of the primary campuses.

We have a fantastic Foyer Display presented by **Rec/Year 1 Francis and Year 2/3 Reed/Judd** featuring, ‘What it means to be at Samaritan College’. Come along and read what the students have written as to why they love their school.

Eleni Vailas
DEPUTY PRINCIPAL

---

**COMPUTER CORNER**

All students in the primary campuses have been given a user name and password for Study Ladder, the new name for Smart Kiddies. It includes literacy now as well as mathematics, and even has practice naplan tests. At school teachers will put on sites suitable for subjects studied. Students can access three sites free at home but parents would have to pay to access more. As it is important for students to spend quality time with family, three activities should be enough.

Jenny Kondylas

---

**STUDY LADDER**

Inspire Motivate Achieve

Dear Parents,

Studyladder : The educational website that includes both Mathematics and Literacy

This is a courtesy letter confirming that your child has been given an access code to log-in to the new “Study Ladder” Literacy and Numeracy website. All students now have home access to activities on StudyLadder.

It is NOT compulsory for your child to log into Study Ladder from home, but any additional access to this site will be beneficial if they enjoy doing the activities. Free home access allows each student 3 new activities each day. Using the site regularly helps build confidence and their bonus points.

:: Go to www.studyladder.com.au
:: Sign with the class username and password given to your child.
:: Access activities from your child’s overview page.
:: The warm-up challenges are good interaction activities for parents and their children.

If for any reason you are unable to access using the class login, you can open a free home account for parents which allows the same home access to activities.

If you need help logging in or gaining access please email support@studyladder.com
Welcome back to the 2011 school year, I trust that your families have settled back into the routines of school life. As you would be aware we are continuing to participate in the Crunch & Sip® program this year. Below is a little reminder about the Crunch & Sip® program and some suggestions for food options.

Crunch&Sip® is a set break for students to eat fruit or vegetables and drink water in the classroom.

Samaritan College has introduced Crunch&Sip® to support students to establish healthy eating habits whilst at school.

**Aim**

All students and teachers at the primary campuses enjoy a Crunch&Sip® break and eat fruit or vegetables and drink water in the classroom every day.

Every day pack your child something to Crunch&Sip®

**CRUNCH**

Easy-to-eat seasonal fruit such as a small apple, a container of strawberries, a mandarin or banana

or

Canned fruit in natural juice – remember the spoon

or

Vegetables such as carrot or celery sticks, cherry tomatoes or snow peas

**AND SIP**

A clean, clear water bottle filled with plain tap water

You should receive with your newsletter today a Crunch&Sip® magnet, this is a great way to remind your family to include their Crunch & Sip in their bag each day and some ideas of what to pack. Please display it on your fridge.

Keep a look out in the newsletter throughout the year for tips and ideas about healthy options to include in your child’s lunch & recess and also in the family home.

Bec Fahey

EWBA COORDINATOR

**LIBRARY BAGS**

As of this year we are adhering to a “no bag, no borrow” policy in both primary campus libraries. Due to the number of damaged books we receive back each year we are hoping this will help.

The Samaritan College printed library bags are our recommended bag of choice for a number of reasons:

1. They are the ideal size for nearly all books.
2. They are waterproof - fabric bags don’t provide this.
3. They are rigid – prevent books from being bent in the bag.
4. Have a velcro strip to close to keep the book inside the bag.
5. Have a name identification tag.
6. Can easily be purchased at either front office or uniform shop for a cost of $10.

**LOST BOOKS**

Could everyone please have a thorough look at home for any books from either campus, as we have a considerable amount of missing items since last year.

**DAMAGED BOOKS**

If for some reason a book is damaged in your possession please send it in to the library as sometimes we can repair them. We prefer you don’t try and repair books at home.

Thank you for your cooperation in these matters,

Tania Taylor, Tracey McLean, Ann Wilson,
Ruth Gardiner and Diana Jeffery

LIBRARY STAFF OF PRIMARY CAMPUSES

Go for 2&5¢ – Healthy Eating with Fruit & Vegetables

Go for Healthy Eating

Need more vegies? Pack a variety of cool, crunchy vegie sticks as a quick and easy snack.

www.gofer2and5.com.au

Put a crunch in lunch

As children have headed back to school, ideas for packed lunches are at a premium. It’s time to look for quick and easy ways to add in some serves of fruit and veg.

Cool, crunchy vegie sticks are certainly one old favourite but there are other ways to encourage good habits. Some ideas to try include:

- Making it easy for kids by including ready to eat chopped up seasonal fruit - apples, pears and kiwifruit should be on the shopping list.
- Use snack bags for cherry tomatoes, carrot sticks and caper sprinkles.
- Take a break from sandwiches by grabbing a pita pocket bread and filling it with crunchy vegies.

If you would like some more healthy tips on encouraging children to eat more fruit and vegetables why not download this handy Fact Sheet - Children and Young People from www.gofer2and5.com.au And while you are in the downloading mood, check out Thrifty Ways To Go For 2&5¢ - which can help you eat well without blowing the budget.

Eat well, stay healthy and remember the 2&5¢ - your daily target for good health.
SECONDARY CAMPUS NEWS

PARENT EVENING
Thank you to those parents who attended the Parent Evening last night. It was a great opportunity to meet your child’s teachers for 2011 and to hear their expectations for the year. Staff are always available to meet with the parents – please make appointments via the diary or through our Front Office.

FRIDAY RECESS
For the Opening School Mass on Friday, secondary students are spending their recess with a buddy class from the Primary campuses. The canteen will not be open for recess on Friday. Students need to bring their own food and drink for recess. Lunch is as normal.

STUDENT DRIVERS
By now, all student drivers should have registered their car with the College. If you know your child is driving to school but you have not yet signed a permission slip please ask your child for one.

TECH STUDIES VOLUNTEER
We are seeking a volunteer to assist in the Tech Studies area for a short time each week. This could suit a retiree who has woodworking skills and who is willing to undergo a police check.

STUDENT ISSUES
In general our students display exemplary behaviour and have a good experience at school. If your child tells you that they are unhappy at school for any reason, we strongly encourage you to let your caregroup teacher or Year Level Coordinator know. We have a range of strategies and services, including a Youth Support Officer, that can hopefully assist.

Damien Judd
DEPUTY PRINCIPAL

YEAR 10 MURRAY VENTURE
Preliminary planning is underway for the Year 10 Murray Venture. This year we will be running three Murray Ventures, starting the first week back at school Term 2. The dates for each trip are outlined below-

Group 1: Sunday 01/05/11 to Friday 06/05/11
Group 2: Sunday 08/05/11 to Friday 13/05/11
Group 3: Sunday 15/05/11 to Friday 20/05/11

More detailed information about the Murray Venture will be forthcoming later in the term.

Thanks
Kate Nolan
YEAR 10 COORDINATOR

E-LEARNING IN ACTION
The Year 12 English Communications classes are trialling the use of an online learning platform to support student learning in this subject. The Wiki has been developed to allow students to access core course content, including assessment information and due dates, from home, to allow teachers to provide students with links to online resources, and for online discussions to take place, allowing for easy clarification of class material. Students have responded with enthusiasm to this new form of learning, and are regularly contributing to structured discussion forums. If parents of English Communications students are interested in accessing the Wiki, please provide your email address to your child’s English teacher and an invitation will be sent to you.

Kelly Cook
ENGLISH COMMUNICATIONS TEACHER

MY BABY MY RESPONSIBILITY
In Year 11 Child Studies we are learning about the role and responsibilities of looking after a newborn baby. Family life today is busy and complex. Making time to understand your child’s needs can be challenging. Families can reduce this pressure by utilising community services to better inform themselves of the services available to support the development of their child’s needs. While caring for a baby over the course of one week students were required to keep a journal to record their experiences and reflect upon their learning.

We were very fortunate to have the wisdom and learning experiences of several speakers over the last few weeks including Mrs Tania Taylor from the Mothers and Babies Nursing Association and Trish and Helene two midwives from the Whyalla Hospital. We wish to thank them for spending their valuable time with students and making this such an informative and enjoyable experience.

Heidi Korossy
CHILD STUDIES TEACHER
COMMUNITY NEWS

CONNECTING TO THE POWER OF RESILIENCE
INFORMATION AND RECRUITMENT EVENING

“Developing the resilience of adolescents in rural and regional areas of South Australia.”

It was a pleasure to meet many of you during the Parent Evening at the Saint John’s Campus on Wednesday, February 16. I would like to invite any parents, caregivers, students, educators and community stakeholders to attend a brief information presentation in the library at 6:30pm on Thursday, February 24.

The purpose of the information presentation is to facilitate understanding of the program, invite your voluntary participation and collaboration as Local Advisory Members and to have any questions addressed that you may have about the study. As voluntary participants you may withdraw from the study at any time.

My name is Heidi Korossy and I am a PhD candidate and a teacher passionate about developing the resilience of adolescence in rural and regional areas of South Australia. Resilience is defined as “the ability to bounce back from, and successfully overcome risks and adversity” but not everyone can cope with or overcome risks in their life, nor the adversity that may confront them.

To support young people living in rural and regional Australia, it is important to recognise that they have different needs to adolescents living in urban or city areas. This research aims to identify and understand more about what these needs are by talking with students, families and community representatives.

I look forward to meeting you and supporting mental health in your community.

For further information or to confirm your attendance please contact Heidi.Korossy@postgrads.unisa.edu.au

**Parenting Ideas by Michael Grose:**

**The power of the kitchen table**

“It’s no coincidence that those countries with strong food cultures also have strong families. When people eat together they talk. You can’t help but talk when your behind is anchored to a chair.”

The kitchen table is a parent’s best friend. It’s where conversations occur. It’s where thoughts are aired, complements are given and food is shared.

If you want to get a window into a child’s world then you need to sit around the kitchen table with him or her.

When I was a kid mum always made sure there’d be some food on the table when I came home from school. As soon as I came through the back door I’d throw my school bag in my room and come and sit down at the kitchen table to eat.

Mum used to sit at the kitchen table and have a cuppa at the same time. She always did.... or it’s seems like she did. My most vivid memories are sitting around the kitchen table with her.

It’s no coincidence that those countries with strong food cultures also have strong families. When people eat together they talk. You can’t help but talk when your behind is anchored to a chair.

**People attach emotions to locations.**

People attach feelings to different places. I’d like to think my family links happy, joyous feelings to our kitchen table. After all we’ve had plenty of birthdays, Christmases, fantastic dinners, big breakfasts and countless other gatherings around our kitchen table.

The kitchen table anchors my now adult kids back to their childhoods and gives them a sense of belonging. That’s why the kitchen table is the first place they go to when they come home for a visit. They feel at home again.

On my trips to England I’ve noticed that the English don’t use the kitchen table like Aussies do. In fact, about a third of English homes don’t have a kitchen table at all. Many families eat in shifts and in front of the television.

English educators are concerned. They want their parents to talk to their kids more. They know when parents talk with their kids they enrich their vocabularies, and better still, influence their thinking.

They know that the kitchen table is a powerful ally in creating talk between the generations. That’s why they are encouraging people to sit at the kitchen table more.

The power of the kitchen table is immense. Don’t underestimate it or underuse it!

You can build kids’ confidence around it. You can build their character around it. You can build resilience too. Better still, you can build a family around the kitchen table and that’s quite a feat.

**Making mealtimes memorable**

1. **Turn your evening meal into a night out at home.** Once a week dust off the best knives and forks and set the table in style complete with serviettes and candlesticks. Try waiting on your family restaurant style and impress on kids that they can use their best manners.

2. **Serve from the table.** Turn a simple meal into a communal activity by putting serving plates on the table, and plating up from the kitchen table. Kids usually stay longer when food is served this way.

3. **Any excuse for a celebration.** Look for reasons to celebrate with a sit down meal where everyone is expected to join in. Birthdays, term break-up days or a great school report are worth recognizing in this way.
